

MARIANOPOLIS
COLLEGE

COURSE OFFERING –FALL 2016

Attached the course offering list for A2016 registration. The course offering is subject to change including teacher names.

Table of Contents

Concentration Courses

200.11 – Music & Science Pages 2-10

200.B0 – Science Pages 11-17

300.11 - Music & Social Science Pages 18 – 26

300.A0 - Social Science / Commerce Pages 27– 34

500.11 – Music & Arts Literature & Communications Pages 35-41

500.11 – Creative Arts & Music Pages 42-44

500.AE – Arts Literature & Communication Pages 45-48

500.A0 – Music Pages 49-51

700.A0 – Arts & Science Pages 52-53

700.B0 – Liberal Arts Pages 54-66

General Education

English Pages 67-70

French Pages 71-73

Humanities Pages 74-76

Physical Education Pages 77-80

Complementary Courses Pages 81-87

Additional Course Information

Physical Education information Pages 88-93

Social Science Information Page 94-96

SCHEDULE OF CLASSES - FALL 2016

200.11 - Music & Science

SECTION	COURSE NUMBER	COURSE TITLE/TEACHER		DAY/TIMES	ROOM

PHYSICAL EDUCATION

WHAT DO WE DO IN PHE-109-101 ~ PHYSICAL EDUCATION AND HEALTH?

COURSE COMPETENCY:

To analyze physical activity within the context of lifestyle behaviours that promote health.

This course focuses on HEALTH! Students study the physical, psychological, social and intellectual benefits of physical activity as they learn how to choose safe and effective activities for all components of fitness. By sampling a variety of activities, students will identify personal needs, interests and motivational factors that will potentially lead to an active lifestyle. Students also analyse how nutrition, stress and time management influence their overall wellness.

FITNESS

Each class introduces cardiovascular, muscular and flexibility activities using a variety of apparatus. Students learn how to use free weights, cardio and weight-training machines according to their needs and abilities. Weather permitting, classes may also include outdoor activities such as power walking, jogging or games.

FITNESS/AEROBICS

This course offers a variety of workouts that help to increase fitness level in a fun way. The various activities include hi-lo aerobics, Tae Bo, BOSU ball stability training, muscle conditioning and boot camp exercises.

FITNESS/GAMES

A variety of activities are used to develop cardiovascular endurance, muscular fitness and flexibility. Cardiovascular fitness is the primary focus of the course and will be developed through the following games: soccer, basketball, floor hockey, throwton, badminton, touch football, ultimate, capture the flag, dodgeball, etc.

FITNESS/YOGA

Cardio activities include stationary equipment, steps, circuits and sun salutations. A variety of yoga poses develop muscular and flexibility components.

FITNESS/ZUMBA

Zumba is an easy and fun dance fitness program featuring movements inspired by various styles of Latin and World music. This course combines all elements of fitness - cardio, muscle conditioning, balance and flexibility through Zumba and complementary fitness activities.

PHYSICAL EDUCATION

WHAT DO WE DO IN 109-102 ~ PHYSICAL EDUCATION AND SKILLS ?

COURSE COMPETENCY:

To demonstrate improvement in a physical activity.

This course focuses on skill development and acquisition. By critically assessing their strengths and challenges, students develop, and apply, a plan of action that leads to improvement in the basic skills required for the physical activity.

Additional fees are required for courses marked with an asterisk (*). Choices may include:

BADMINTON

This course is designed to introduce students to the fundamental strokes and strategies of singles and doubles play. Skills and strategies are developed through drills, patterns and games.

BASKETBALL

Students learn fundamental skills (passing, shooting, lay-ups, etc.) and strategies (offensive and defensive) that enable them to play pick-up basketball as part of their activity repertoire in the future.

CROSS COUNTRY SKIING * (WINTER SEMESTER)

Students learn basic cross-country skills as they sample ski trails at Parc Bois-de-Liesse, and Gai-Luron in Bellefeuille. Practice sessions and trip preparation lectures take place on campus and at Mt. Royal. The course fee covers transportation, assistants and facility costs.

CYCLING * (AUTUMN SEMESTER)

In this intensive course, which runs until mid-September, students learn how to prepare for longer bike trips. Theory components include: basic bike maintenance, training techniques, cadence and pacing, safety, road rules and trip preparation. Two cycling day trips on weekends take place primarily on bike paths. The first trip (approximately 45-60 kilometres) is an urban cycling experience in Montreal. The second trip (approximately 50-75 kilometres) takes place in the Laurentians on the Petit Train du Nord. **Students must provide their own compulsory helmet and a reliable bike, which must be in good working order.** The \$100 course fee covers all expenses including transportation to the venues and assistants.

Activity	Dates (Must be available for all hrs.)	Time
Lectures:	Monday Aug. 22,29, Sept. 8,12,19	6:15-8:30pm
Trip 1 (Montreal Area)	Saturday, Sept. 10th	8:00-4:00pm
Trip 2 (Laurentians)	Saturday Sept. 17 th	8:00-5:30pm

DANCE

Basic dance elements of Hip Hop, Jazz and Modern are covered through choreographies adapted to beginner and intermediate dancers.

FLOOR HOCKEY

Students learn fundamental skills (passing, shooting, stick handling, etc.) and strategies (offensive and defensive) that enable them to play pick-up floor hockey as part of their activity repertoire in the future.

INTRO TO OUTDOOR EDUCATION * (WINTER SEMESTER)

Students are introduced to camping skills, canoeing, nature observation, fire keeping (with and without matches!) and basic survival skills at an outdoor education centre in the Laurentians. This course offers students a unique opportunity to become more aware of nature by learning how to identify medicinal and edible plants and trees and search for the presence of wildlife in any setting. The course fee covers transportation, assistants, canoe rentals, accommodations and meals.

NATURE CANOEING * (AUTUMN SEMESTER)

This intensive course introduces basic canoeing skills, enabling students to pursue canoeing safely in the future. Students learn how to increase their awareness of nature by identifying medicinal and edible plants and trees and searching for the presence of wildlife. Nature Canoeing day trips take place up north at Camp Kanawana and at Parc de la Rivière-des-Mille-Îles in Laval. Students should be comfortable in deep water while wearing a lifejacket. The \$125 course fee covers all expenses, including canoe rental and transportation to the venues.

Activity	Dates (Must be available for all hrs.)	Time
Lectures:	Wednesdays - Aug 17, 24, 31, Sept. 7, 14	6:15-8:30pm
Trip 1 (Laurentians)	Sunday Aug 28	11:00-7:00pm
Trip 2 (Montreal Area)	Sunday Sept. 11	9:00- 6:00pm

SOCCER

Students learn fundamental skills and offensive and defensive strategies that enable them to play soccer as part of their activity repertoire in the future. In the fall semester, this course takes place on the sports field, twice weekly, so it will end by early November.

PILATES

This course is designed to provide each student with the knowledge and practice necessary to be an effective learner of Pilates skills and a successful participant in Pilates classes. Each student will participate in a variety of Pilates exercises which help to strengthen and lengthen the body. The course will progress gradually through beginner, intermediate and advanced exercises that have a particular emphasis on the core helping with posture and back health.

TOUCH FOOTBALL (AUTUMN SEMESTER)

Students are introduced to the sport of touch football using drills, mini-games and games. All basic skills of touch football are covered at introductory and intermediate levels. No previous experience is required. Taught on the sports field, this course finishes in mid-October.

ULTIMATE

This course will introduce the fundamental skills and strategies of organized Ultimate for the beginning to intermediate player. Ultimate requires development of the following individual skills: disc throwing/passing/catching, running/cutting and marking. Students will also learn to practice effective communication with teammates.

VOLLEYBALL

Students are introduced to the sport of Volleyball through cooperative activities, lead up drills, mini games and games. We will cover the fundamental skills, (volley, bump, serve, etc...), as well as offensive and defensive strategies, (3 hit plays, net play, W-formation, etc...). Emphasis will be placed on improving individual skills and abilities while developing a strong, positive and co-operative team environment.

YOGA

In this introductory yoga course, students will learn basic and intermediate yoga poses. They will learn how to synchronize breath to movement and energy flows.

PHYSICAL EDUCATION

WHAT DO WE DO IN PHE-109-103 ~ PHYSICAL EDUCATION & AUTONOMY ?

COURSE COMPETENCY:

To demonstrate the ability to responsibly engage in physical activity which promotes health.

Students in this second year course focus on taking responsibility for their active lifestyle. Students are provided with the opportunity to be autonomous, apply safe and effective training principles, manage their time and set clear goals as they design, and implement, a personalized activity plan. By working out on their own (known at the College as “ponderating”*) throughout the semester, students demonstrate that they can improve their fitness. As a result, there are no intensive courses. All 103 courses continue for the duration of the term.

*Marianopolis provides 24 hours of free time in the Fitness Centre per week, overseen by a qualified and knowledgeable Fitness Monitor.

Additional fees are required for courses marked with an asterisk (*). Choices may include:

BADMINTON

Students participate in a variety of badminton drills, patterns and matches to develop cardiovascular fitness and muscular endurance. No previous badminton experience required.

BASKETBALL

Students work on their cardiovascular endurance through a variety of mini-games, drills and full-court scrimmages in a fun, safe, cooperative setting. Muscular activities are introduced periodically and each class ends with a stretching routine.

CARDIO DANCE

All students are welcome in this course which focuses primarily on cardio fitness through follow the leader, and group aerobic dance movements.

NATURE HIKES *

Students will increase their nature awareness skills by learning how to identify medicinal and edible plants and trees, and how to observe signs of urban wildlife. Class time will be spent hiking locally (eight classes over the 15-week semester) in a variety of nearby green spaces. There will also be two day hikes, where students will practice their nature observation skills. The \$60 course fee includes transportation, trail fees and assistants.

Activity	Dates (Must be available for all hrs.)	Time
Lectures:	Mondays Aug. 22,29, Sept.8,19,26, Oct. 14,17, Nov.21	12:15-2:15
Trip 1 (Montreal Area)	Saturday, Sept. 24th	12:00-7:00pm
Trip 2 (Mont St. Bruno)	Saturday, Oct.15th	11:00-6:30pm

NATURE URBAN HIKES (AUTUMN SEMESTER)

Students are introduced to local, accessible green spaces which will allow them to live actively outdoors in our urban setting. They'll increase their nature awareness by learning how to identify medicinal and edible plants and trees, and by practicing how to observe signs of urban wildlife as we explore a variety of nature parks on the Island of Montreal: Mount Royal, Le Boisé Marcel Laurin, Parc Angrignon, Parc-Nature de l'Île-de-la-Visitation, the Oratory Gardens and the Westmount Summit. This course runs the full length of the semester but after Sept. we will not meet every week. Students must have metro tickets or an active Opus pass to travel as a group to and from three of the venues.

RUNNING * (AUTUMN SEMESTER)

The main focus of this course is cardiovascular fitness through running. Students train predominantly outside in the neighbourhood streets and on Mont Royal. Students will enter a 5km race on Sunday morning, Oct. 16th in the Montreal area. The \$20 course fee covers the registration for the race.

SNOWSHOE HIKES * (WINTER SEMESTER)

Experience the mystery and fun of a moonlight snow shoe hike up north and increased nature awareness by identifying plants, trees and searching for the presence of wild life on a day hike in the Eastern Townships. Students will also meet for seven to eight classes over the 15-week semester to design and implement their Personal Activity plan, snowshoe, hike and powerwalk. The course fee includes transportation, assistants, equipment and trail fees.

SOCCER

Students participate in a variety of mini-games, drills and games as they experience a good cardiovascular and muscular endurance workout. Team work, movement, support for teammates and fun-safe competition will be emphasized. In the fall semester this course will be held indoor/ outdoor, weather permitting.

SPORTS CONDITIONING

This course is ideal for the athlete wanting to increase their performance level in a sport but is also very accessible to anyone wanting to train for functional strength and endurance. It offers a variety of exercises for all fitness levels. The workout also includes cardiovascular and flexibility training.

STRESS MANAGEMENT

Students learn and use a variety of techniques in order to help manage stress. These include: physical activity; communication and conflict resolution skills; perspective and self-awareness; time management and a variety of relaxation techniques, such as meditation, autogenics, visualization and progressive relaxation.

TEAM SPORTS

Students participate in a variety of sports that promote a good cardiovascular workout. Movement, teamwork and safety are emphasized during the mini-games, drills and full-court scrimmages introduced. Students have an opportunity to select the sports played from the following list: Soccer, floor hockey, basketball, touch football, handball, badminton, low organizational games, volleyball, tchoukball, and more...

ULTIMATE

Students work on their cardiovascular endurance through a variety of mini-games, drills and scrimmages in a fun, safe, cooperative field and gym setting. Muscular activities are introduced periodically and each class ends with a stretching routine. In the fall semester this course will be held indoor/ outdoor, weather permitting.

YOGA

Students will learn the basics to the Power Yoga program developed by Beryl Bender Birch which include proper breathing techniques, rooting skills and a variety of different yoga postures. The course also includes cardiovascular training in various forms using machines, and a variety of equipment in a circuit fashion.

WEIGHT TRAINING

This course will teach students how to properly strength train using a variety of exercise equipment with emphasis on proper alignment and safe lifting methods. In addition, the students will learn how to increase cardiovascular endurance and flexibility.

FIRST YEAR - Registration Fall 2016

Honours Social Science Students

- First Year Honours Social Science students must take the dedicated section of *Introduction to Psychology* (350-102 41) – Kimberly Burton.
- Students will be pre-registered in the course automatically.

Honours Commerce Students

- First Year Honours Commerce students must take the dedicated section of *Fundamentals of Business* (401-931 41) – Bruno Delorme.
- Students will be pre-registered in the course automatically.

Math and Finance Students

- First Year **Math and Finance** students must take the dedicated section of
 - *Introduction to Psychology* (350-102 02) – Leslie Cohen
 - *Fundamentals of Business* (401-913 07) – TBA
 - *Macroeconomics* (383-920 07) – Norma Vite-Leon
 - *Calculus I* (201-NYA 14) – Jean-François Deslandes
- Students will be pre-registered in the courses automatically.

SECOND YEAR - Registration Fall 2016

Honours Commerce Students

- Second Year Honours Commerce students must take the dedicated section of *Linear Algebra* (201-105 21) – Dominic Lemelin.
- Students will be pre-registered in the course automatically.

The introductory course in Anthropology (381-900) is being re-vamped!! See Jennifer Campbell office (B303) or contact Ms. Campbell by MIO, if you have questions about the course.

This course introduces students to the primary subfields and practices of anthropology, through the viewing and analysis of documentary and ethnographic film. Over the course of the semester students will be exposed to various styles of filmmaking used by anthropologists in their efforts to document human experience and deepen understandings of cultural difference. Classroom screenings will be complemented by lectures, selected readings, and occasional attendance at local film festivals. At the end of the semester, students have the option to create their own short ethnographic film on an anthropological topic of their choosing.

The course World Geography (320-103) is especially recommended for the Global Studies and International Affairs students, but is a great option for students in other profiles;

Geographic literacy is important in our globalizing world! Geography is a multidisciplinary field centered on the spatial perspective: Where? Why there? What makes a place unique? How are places interconnected? How are people organized spatially? How do people interact with each other and with their environment? How do places change over time? This World Geography course introduces students to the fundamental content, concepts, and methodology of geography by exploring the composition of 'Cruiseship Earth'. Students will explore major human patterns: cultural, ethno-linguistic, political, economic, and demographic. Students will also learn about major physical patterns: climate zones, physiography, hydrography and biogeography.

If you have taken *International Relations* (385-950), you are eligible to take the Upper Level course entitled *Third World Politics* (385-946). Here is a description of the course:

What is the Third World? What are the opportunities and challenges facing the Third World today? This course is designed to answer these questions by examining the politics of international development. The course will begin by discussing the different definitions and theories of development, in addition to the identification and definitions of the Third World. It will then look at the different actors (local, regional, and international) who have an impact on the development of these countries. The second part of the course will look more closely at the current issues in development, such as democracy, the environment, gender and inequality.

Law, Society and Justice Profile

- It is strongly recommended that you take the following courses to enhance your learning experience in the Law, Society and Justice Profile;
 - *Fundamentals of Law* (360-929)
 - *Forensic Psychology* (350-929)
 - *Human Rights in the Modern World* (330-929)
 - *Understanding Power* (385-941)
 - *Third World Politics* (385-946)
 - *Social Inequalities and Social Problems* (387-961)
 - *Criminology* (387-962)

FIRST AND SECOND YEAR NON SOCIAL SCIENCE AND COMMERCE STUDENTS- Registration Fall 2016

COMPLEMENTARY COURSE

The introductory course in Anthropology (381-900) is being re-vamped!! See Jennifer Campbell office (B303) or contact Ms. Campbell by MIO, if you have questions about the course.

This course introduces students to the primary subfields and practices of anthropology, through the viewing and analysis of documentary and ethnographic film. Over the course of the semester students will be exposed to various styles of filmmaking used by anthropologists in their efforts to document human experience and deepen understandings of cultural difference. Classroom screenings will be complemented by lectures, selected readings, and occasional attendance at local film festivals. At the end of the semester, students have the option to create their own short ethnographic film on an anthropological topic of their choosing.

The course World Geography (SSS-LBQ) is especially recommended for the Global Studies and International Affairs students, but is a great option for students in other profiles;

Geographic literacy is important in our globalizing world! Geography is a multidisciplinary field centered on the spatial perspective: Where? Why there? What makes a place unique? How are places interconnected? How are people organized spatially? How do people interact with each other and with their environment? How do places change over time? This World Geography course introduces students to the fundamental content, concepts, and methodology of geography by exploring the composition of 'Cruiseship Earth'. Students will explore major human patterns: cultural, ethno-linguistic, political, economic, and demographic. Students will also learn about major physical patterns: climate zones, physiography, hydrography and biogeography.

***Third World Politics (SSS-LAQ).* See Rebecca Lee office (B221) or contact Dr. Lee by MIO, if you have questions about the course.**

Here is a description of the course:

What is the Third World? What are the opportunities and challenges facing the Third World today? This course is designed to answer these questions by examining the politics of international development. The course will begin by discussing the different definitions and theories of development, in addition to the identification and definitions of the Third World. It will then look at the different actors (local, regional, and international) who have an impact on the development of these countries. The second part of the course will look more closely at the current issues in development, such as democracy, the environment, gender and inequality.
